

We believe that with the right support every person can achieve their potential.

SJOG believes that every person has intrinsic worth and inherent dignity, and that with the right support each and every person can achieve their potential.

We don't have one standard approach but creatively provide help and support to people in the way they want.

We continue to be inspired by the story of our founder, Saint John of God, who left us a legacy of providing value-based service to those most in need.

Our Values

These are the values that we uphold in all that we do to make sure we treat people with:

HOSPITALITY

COMPASSION

RESPECT

Referrals and Admissions

SJOG's referral procedure is straightforward. We receive referrals from both health and social care professionals, and also directly from self-funders. The manager is often the first point of call where people can discuss Rockliffe's aims and objectives, along with any vacancies we may have.

Our referral and assessment procedure is outcome-focused and highly personalised involving a whole person approach.

We encourage and welcome people to come and visit, and to spend time at Rockliffe before they consider moving in. Please contact us to arrange this.
